Programming with Python

Lab Assignment 8

Que. Download a tabular dataset of your choice from the internet and perform Exploratory Data Analysis on it.

Note: Each student must work on a different dataset.

Few open dataset sources are listed below for reference:
1. Kaggle
2. UCI Machine Learning Repository
3. Google Dataset Search - Search engine for datasets
4. data.gov.in - Open Datasets from Govt. of India
5. data.gov - Open Datasets from Govt. of the United States
